

MICHAEL E. PETERSEN
ATTORNEY AT LAW

June 6, 2012

I have found my ad in Valley Yellow Pages to be an effective way of attracting new clients. Even in a down economy, it has produced a steady stream of business for my firm. I take the time to ask how people found my name and number, and about 50% of all my new clients say they saw my ad in the Valley Yellow Pages.

The Valley Yellow Pages is delivered free to every home and business in my area. This wide distribution gives me access to a huge pool of potential clients. Advertising in this directory is so economical that I make a great return on my investment very quickly, usually with the first couple of clients. I would encourage any business owner to try advertising in the Valley Yellow Pages.

A handwritten signature in black ink, appearing to read "Mike Petersen", with a stylized flourish at the end.
